At the heart of the home is the kitchen, a chef's dream that boasts a large center island, ample counter space, a convenient pantry, and a dedicated butler's pantry for additional storage and prep needs. The kitchen seamlessly connects to the open-concept great room, located at the rear of the home. The den and formal dining room are thoughtfully situated at the rear of the home, offering versatile spaces for working, dining, or creating a cozy retreat.

The primary suite, located privately on one side of the home, is a true haven. This luxurious retreat includes a spacious bedroom, a spa-inspired ensuite bath with dual vanities, a soaking tub, a walk-in shower, and a large walk-in closet. With optional customizations like coffered ceilings, a custom mud-set shower, or a closet at the den, the Jefferson offers unparalleled flexibility, allowing homeowners to tailor their space to suit their unique needs. This home represents the perfect balance of modern elegance, functionality, and comfort, making it a standout choice for those seeking a home designed to complement their lifestyle.
